### REPORT AND PHOTOGRAPHS WITH CAPTION AND DATE OF TEACHER ORIENTATION PROGRAMMES

#### SEMINAR ON ACADEMIC WRITING

A seminar on academic writing was conducted on 27-11-2019. This seminar was designed to provide participants with a comprehensive understanding of effective academic writing techniques, including structuring arguments, developing a clear thesis, and adhering to scholarly conventions. Dr. Sunil offered practical insights and hands-on strategies to help attendees refine their writing and elevate their research presentations.

#### EDUTOOLS-SEMINAR

A seminar on Edu tools was conducted on 12-12-2019. This session was designed to equip participants with a thorough understanding of the latest educational tools and technologies. Dr. Ramakrishnan provided valuable insights into how these tools can enhance teaching and learning experiences, demonstrating practical applications and strategies for effective integration. Attendees gained hands-on knowledge to leverage Edu tools in their educational practices, aiming to improve engagement and outcomes in their respective fields.

### WORKSHOP ON THE PREPARATION OF IN-SERVICE TEACHER TRAINING MODULES

A workshop on the preparation of in-service teacher training modules was conducted in SNCE on 06-04-2021. This session aimed to equip participants with the skills and knowledge needed to develop effective training modules for teachers. Led by Dr. Rajeev, the workshop covered key aspects of designing and implementing training programs that address the needs of in-service educators. Participants gained practical insights into structuring content, creating engaging materials, and assessing training outcomes to enhance the professional development of teachers.

### INTEGRATED APPROACHES IN SCIENCE AND TECHNOLOGY FOR A SUSTAINABLE FUTURE-SEMINAR

A Science Day celebration centered on "Integrated Approaches in Science and Technology for a Sustainable Future" was held on 28-02-2022. This seminar aimed to highlight the crucial role of integrating scientific and technological innovations to address sustainability challenges. Featuring keynote presentations, panel discussions, and interactive demonstrations, the celebration showcased how interdisciplinary approaches can drive progress toward a more sustainable future. Attendees explored cutting-edge solutions, engaged with experts, and gained insights into the synergy between science, technology, and sustainability.

## USE OF INTERACTIVE WHITEBOARDS-WORKSHOP

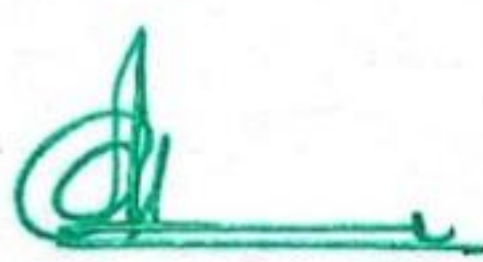

A workshop on the "Use of Interactive Whiteboards" was conducted by SNCE on [Date]. This session aimed to provide educators with practical skills and strategies for effectively integrating interactive whiteboards into their teaching practices. The workshop covered key functionalities, best practices, and innovative techniques to enhance classroom engagement and interactivity. Participants explored various features of interactive whiteboards, learned how to create dynamic lessons, and gained hands-on experience to leverage this technology for improved learning outcomes.

## NEW TRENDS AND INNOVATIVE PRACTICES IN EDUCATIONAL ASSESSMENT AND EVALUATION-WORKSHOP

A workshop on "New Trends and Innovative Practices in Educational Assessment and Evaluation" was conducted by SNCE on 18-06-2023. This session aimed to explore contemporary approaches and cutting-edge methods in the field of educational assessment. The workshop provided insights into the latest trends, tools, and techniques for effective evaluation. Participants examined innovative practices for designing assessments, incorporating formative feedback, and utilizing data to drive instructional improvements. The workshop offered practical strategies to enhance the accuracy and impact of assessment practices in educational settings.
