

Deployment of Strategic Plan

Academic Excellence

To achieve academic excellence as a teacher education institution Sree Narayana College of Education, Mahe involves in regular reviewing of curriculum and update its way of transaction. The institution focuses on appointing and retaining qualified teaching faculties. It always maintains high graduation and job placement rates. The institution has high pass rates in teacher eligibility tests like KTET, SET & NET.

Infrastructure and Technology

The institution pays attention to upgrade physical infrastructure including renovating classrooms and laboratories and improving accessibility features frequently. The institution designs and deliver comprehensive programmes to enhance teaching and service capabilities, including workshops & mentorship initiatives.

The institution involves in a multifaceted approach to prioritize student needs and experiences and to ensure student's holistic well being and success. It includes flexible course offerings. For example, innovative pedagogies & professional skill development opportunities.

To promote social responsibility and citizenship among students, the institution arranges Community Living Camp at Rajayoga Meditation Centre, Mysore in which the students get a chance to engage with the life of the Brahmakumaris. They also get a chance to be a part of outreach activities.

Development of professional skills is one of the first priority of a teacher education institution. The student teachers will provide with a series of skills like micro teaching simulated lessons, demonstration classes, criticism lessons, classroom management practice in teaching innovative instructional strategies, field engagement, innovative practices in assessment and evaluation etc.

Along with academic concerns, institution shows its responsibility in eco friendly practices too. Focusing on conserving resources, it promotes environmental awareness through initiatives such as recycling programmes, green campus projects etc.

By regular assessments, continuous improvement of strategies and dedicated resources the institution is poised to achieve significant advancement. The successful deployment of its strategic plan will position Sree Narayana College of Education as a leader in education and a model for sustainable practices providing a high-quality learning environment and preparing students for success in an ever-changing world.
